“ I haven't seen Doug in many years. I once brokered a real estate deal for Doug when he bought an apartment building. He was quite a character. R.I.P.

“ I had the pleasure of working with Doug for many years and I don't recall ever meeting a person that would go the extra mile to help out like he did. He always had a great heart and took accountability for his actions. He was one of the most dependable people you could have on your team. There is a lot that can be learned from a guy like him. He never let anything get him down. He will be missed.
