“ There's so many memories that I have but 4th of July was always special when she could come to our cabin and spend some time with all of us. She always said she could sit on our porch overlooking the lake all day long. She was so much fun and we just enjoyed her so much and will always miss her. Whenever she was having some problems I would try to send her a funny card to perk her up and she loved getting them. She even tried 4 wheeling with Tina but found what a mud bath really was. We loved her so much and will miss her. From her sister in law Karen

“ we have many great memories but some of the best have been the last few years when Jan would travel to our cabin at Skunk Lake for the fourth of July and we made breakfast for sometimes thirty members of the family and friends. She always made her made from scratch pancake mix and she would make pancakes while I did bacon, eggs, and sausage. It was always fun working side by side and fixing breakfast for everyone with her. Love from her brother Kenny
