“ *Babi was like a second mother to us. She always put our needs and wants first and made sure each holiday we have something homecooked made by her. Still holder of the record of the best, made from scratch baklava! You instilled my love for the mountains in my childhood and showed me how to appreciate the little things. You will be missed greatly but you will always be with me as well through all the lessons you thought me about kindness and appreciation. We love you Babi! from Irka, Connor and Koci*

“ *We will miss our dear neighbor, always the happiest smile and wave we got from her every time we saw her, at the house or walking thru the neighborhood ... my husband used to get so mad because she would bring up our garbage cans after garbage day so he started setting alarm so he could get up early and beat her to it lol... she will truly be missed*
