“ Tim was a gentle soul, one that was hard to get to know personally but rewarded those he allowed to become close to him with genuine friendship.

Thank you Tim for being who you were. Down to earth and caring for a lot of unfortunate people that you helped without regard to what others might think. You had a unique perspective regarding a lot of topics and you were one heck of a master of the CNC lathe. I consider myself lucky to have been your friend.

Rest in peace Tim. You did well in life and God bless you.

“ Tim pitched horse shoes with me at the Hampshire VFW back in the 90's. He was very friendly and liked talking to people. My condolences to family and friends. R.I.P.
